

**PUBLICATION BY THE DEPARTMENT OF PEDIATRIC AND  
PREVENTIVE DENTISTRY**

<b>Sr no</b>	<b>Staff Name</b>	<b>NAME OF ARTICLE</b>	<b>Year</b>
1	Dr.RiteshKalaskar	Retrieval of foreign object from the palatal root canal of a permanent maxillary first molar. A case report.	2002
2		Hypertaurodontism in molars and premolars. Management of two rare cases.	2003
3		Comparative evaluation of Lyophilized Freeze Dried Platelet derived preparation with Calcium hydroxide as pulpotomy agents in primary molars.	2004
4		Periapical repair and apical closure of a pulpless tooth using Calcium hydroxide. A case report.	2004
5		Apexogenesis of a symptomatic mandibular permanent first molar with calcium hydroxide pulpotomy. (Quintessence International, 2005, volume 8)	2005
6		An unusual presentation of all the mandibular anterior teeth with two root canals- A case report.	2005
7		Loss of permanent mandibular lateral incisor and canine tooth buds through extraoral sinus. Report of a case	2006
8		Non surgical treatment of large Periapical lesion using calcium hydroxide as an intra canal medicament. A case report.	2007
9		Dentigerous cyst in anterior maxilla of a young child . A case report	2007
10		Esthetic restoration of primary anterior teeth using composite resin veneer: A clinical case report.	2007
11		Pulp therapy for primary and young permanent dentition.	2007

12	Dr.RiteshKalaskar	Non-surgical treatment of periapical lesion associated with type III dens invaginatus using calcium hydroxide: A case Report.	2008
13		Cleft lip and palate.	2008
<b>14</b>		The use of natural crown veneer to restore carious primary anterior teeth: an alternative technique	2008
15		Multidisciplinary management of dentigerous cyst associated with supernumerary teeth and impacted central incisor, case reports.	2011
16		Conservative management of unicysticameloblastoma in a young child: report of 2 cases	2011
17		Oral Manifestation of Ellis Van Creveld Syndrome. Report of a Case.	2011. Suppl. Issue
18		Bilateral Taurodontism in deciduous molars. A case Report.	2012
19		Topical Corticosteroid as treatment modality for pyogenic granuloma.	2012
20		Cystic compound odontome in the anterior maxilla: A rare case report.	2012
21		Vista of cleft lip and palate in india.	2012
22		Prevalence and evaluation of environmental risk factors associated with cleft lip and palate in Central Indian population.	2013
23		Maturogenesis of non-vital immature permanent teeth.	2013
24		Functional and esthetic rehabilitation of a 7 year-female with hereditary ectodermal dysplasia using flexible denture.	2013
25	Burning mouth syndrome: A diagnostic dilemma.	2013	

26		Gorlin-Goltz syndrome: A rare case report.	2013
27	Dr.RiteshKalaskar	Management of Chemotherapy Induced Dysgeusia: An Important Step Towards nutritional Rehabilitation.	2013
28		Pediatric traumatic dental injuries in hospital of central India. A 2.5 year retrospective review..	2013
29		Keratocysticodontogenictumor invading the left maxilla: A rare case report	2013
30		Evaluation of Prevalence, Etiological and Risk Factors of Traumatic Dental Injury in 12-14 School Going Children of Central India.	2014
31		Vestibular extension along with frenectomy in management of localized gingival recession in pediatric patient. A new innovative surgical approach. Int journal clinical pediatric Dentistry	2015
32		Hereditary sensory and autonomic neuropathy type V: Report of a rare case.	2015
33		Normal eruption of impacted teeth associated with a dentigerous cyst managed by simple extraction and decompression.	2015
34		Prevalence of Dental Caries and Treatment Needs in School going Children of Vidarbha Region, Central India. Universal Research Journal of Dentistry ·	2015
35		Management of avulsed permanent maxillary central incisors during endotracheal intubation.	2016
36		A Rare Clinical Variant of Oromandibular Limb Hypogenesis Syndrome Type I B.	2016;
37	Neuroblastoma in early childhood: A rare case report and review of literature.	2016	

38		Knowledge and Attitude of the Sports Teachers in Central India towards Oro-facial Injuries and the use of Mouth Guard.	2016
39	Dr.RiteshKalaskar	Oral mucormycosis in an 18-month-old child: A rare case report with a literature review.	2016
40		Isolated tympanic plate fracture detected by cone-beam computed tomography: report of four cases with review of literature	2017
41		Management of mandibular fracture in paediatric patient using vacuum formed splint: A Case Report.	2017
42		Apexogenesis of irreversible inflamed young permanent molar using calcium hydroxide pulpotomy. A case report with review of literature	2018
43		Classical oral manifestation of Dyke-Davidoff Masson Syndrome: a case report with review of literature	2018
44		Natal teeth. An overview and case reports	2019
45		Autotransplantation: An alternative treatment for horizontally impacted permanent incisors: A case report with review of literature	2020
46		Efficacy of lycopene in management of oral submucous fibrosis – A systematic review and meta-analysis	2020
47		Therapeutic role of neem (azadirachta indica) leaves phytoconstituents in oral lichen planus: a mini review	2020
48		Comparative Evaluation of the Efficiency of “Obturagun” (Novel Obturating Device) and the Premixed Syringe as a Root Canal Obturating Device for Primary Teeth: Protocol for a Randomized Controlled Trial	2021
49		Efficacy of herbal interventions in oral lichen planus: A systematic review	2021
50	Novel neem leaves extract mouthwash therapy for oral lichen planus	2021	

51		Evaluation of the average pulp cavity volume of primary second molar and canine for obturation of a single primary tooth: A preliminary cone-beam computed tomographic study	2021.
52		Effectiveness of the novel impression tray “cleftray” for infants with cleft lip and palate: a randomized controlled clinical trial	2021
53		Evaluation Of stress distribution pattern of square head one piece mini-implant (peoplant) as anterior tooth Prosthesis in children. Protocol for Finite element analysis study.	2021
54		Insights of Primary Teeth Root Canal Obturation Techniques: A Mini Review	2021
55		Assessment of Awareness and Behavioural Patterns among Children Regarding COVID-19	2021:
56		Assessment of knowledge and attitude among pediatric dentist regarding spread and control of infection before and after COVID-19 carries.	2021
57		Evaluation of the Average Nasal and Nasopharyngeal Volume in 10–13-year-old Children: A Preliminary CBCT Study	2021
58		Comparative Evaluation of Effectiveness of Pre-Mixed Syringe and Incremental Technique as a Root Canal Obturating Technique in Primary Mandibular Second Molar – A Randomized Clinical Trial	2021.
59		Obturation Techniques in Primary Teeth: A Systematic Review	2021.
60		Laser Ablation of Blandin and NuhnMucocele: A Rare Case Report	2021

61		Comparative evaluation of nasal and alveolar changes in complete unilateral cleft lip and palate patients using intraoral and extraoral nasoalveolar molding techniques: randomized controlled trial	2021
62		Sleep Difficulties and Symptoms of Attention-deficit Hyperactivity Disorder in Children with Mouth Breathing	2021
63	Dr.RiteshKalaskar	Evaluation of Various Factors Which Motivate Children in Ashram Schools of Central India Region to Consume Tobacco Products	2021
64		Role of silver diamine fluoride in caries prevention: A narrative review	2021
65		Comparative Evaluation of Bond Strength of Different Luting Cements for Cementation of Stainless Steel Bands on Primary Molar Crowns (Stainless Steel and Zirconia Crowns): An In Vitro Study	2021
66	Dr.NupurNinawe	Non-surgical treatment of periapical lesion using calcium hydroxide - A case report.	2010
67		Idiopathic Gingival Fibromatosis – A case report.	2011
68		Prevalence of mesiodens among 6 to 17 year old school children of Indore.	2011
69		An alternative obturating technique using insulin syringe delivery system to traditional reamer - an in-vivo study.	2011
70		Tobacco use among dental students in a central Indian city.	2012
71		A One year Clinical Evaluation of Fissure Sealants on Permanent first molars.	2012
72		Vacuum formed splint: a flexible option.	2012
73		Reattachment of Maxillary Permanent Teeth Fragments: A Conservative Approach.	2013
74		Aesthetic management of dental fluorosis	2013

75		Fragment Reattachment of fractured anterior teeth in a young patient with 1.5 year follow up.	2013
76		A comparative evaluation of microleakage of glass ionomer restorations with different surface protectors- An in-vitro study.	2014
77.		Root agenesis of permanent teeth sequelae of primary dentition trauma with chronic secondary infection	2016
78.		Nasoalveolar moulding in cleft lip and cleft palate.	2018
79.	Dr.NupurNinawe	Hookah use among high school children in an Indian city	2013
80.		Management of Mandibular Fracture in Pediatric patient using Vacuum formed splint:A case report	2018
81.		Radicular cyst associated with Talon cusp Type I and Dens Invaginatus Type III in mandibular central incisor –A rare case report	2018
82.		Prevalence of traumatic injuries to the anterior teeth among 3–17-year-old school children of Indore and correlating it with Kuppuswamy SES, occlusal relationship and ascertaining percentage of those seeking the treatment	2018
83.		Fabrication of feeding plate in Cleft Palate patient: A case report	2019
84.		Comparative evaluation of nasal and alveolar changes in complete unilateral cleft lip and palate patients using intraoral and extraoralnasoalveolarmolding techniques: randomized controlled trial	2021
85.		Solitary Bone Cyst In A 4 Year Old Child	2021
86.		Oral Health Status in Children with Acute Lymphoblastic Leukemia Undergoing Chemotherapy	2021

87	Dr.RakeshBahadure	Management of talon cusp associated with Primary central incisor-A Rare Case Report	2012
88		Full mouth rehabilitation of Early childhood caries-A Case Report	2012
89		Unusual case of Calculus in Floor of mouth –A Case Report	2012
90		A Rare root canal configuration of maxillary second molar:A Case Report	2012
91		Occlusal traits of deciduous dentition of preschool children of Indian children	2012
92	Dr.RakeshBahadure	An estimation of Fluoride release from various dental restorative materials at different pH:In vitro study	2012
93		Dental aspect of Distal Tubular Renal Acidosis with Genu Valgum secondary to Rickets: A Case Report	2012
94		Management of Open bite in Primary Dentition:A case Report	2012
95		Fibrolipoma of buccal mucosa	2012
96		Supernumerary teeth in Primary Dentition and Early Intervention:A series of Case Reports	2012
97		Conventional surgical treatment of oral mucocele:series of 23 cases	2012
98		Management of Pigmented Gingiva in child patient –A new Era to Pediatric Dentistry	2013
99		Orthodontic extrusion:diagnosis and treatment with CBCT in a Pediatric patient	2013
100		Gorlin and Goltzsyndrome:A Case Report with Surgical review	2013
101		Radicular Cyst of primary tooth associated with maxillary sinus	2013
102		Antimicrobial efficacy of five essential oils against oral pathogens:In Vitro Study	2013
103		Aesthetic rehabilitation of DiscoloredNonvital anterior tooth	2013

		with Carbamide Peroxide Bleaching:Case Series	
104		A comparative evaluation of cytotoxicity of root canal sealers: An in vitro study	2013
105		Non- surgical endodontic treatment of permanent maxillary incisors with immature apex & a large Periapicallesion:A Case Report	2015
106		Knowledge & Attitude of health professional students about inter relationship of communication gap with generation gap	2016
107		Labial ankyloglossia : A rare case report	2016
108		Root agenesis of permanent teeth: Sequelae of primary dentition trauma with chronic secondary infection	2016
109		Herbal Medicines in Endodontics: An Overview	2016
110	Dr.RakeshBahadure	Management of dentoalveolar trauma in a 3 year old child with GlanzmansTrombasthenia, a rare bleeding disorder: case	2019
111		Oral health status in children with acute lymphoblastic leukemia undergoing chemotherapy.	2021
112	Dr.SurendraBahetwar	A comparative evaluation of Intranasal midazolam,ketamine and their combination for sedation of young uncooperative pediatric dental patients: A triple blind radomized crossover trial	2011
113		A comparative evaluation of drops versus atomized administarion of intranasal ketamine for the procedural sedation of young uncooperative pediatric dental patients: A prospective Crossover Trial	2011
114		“Ketamine Vs Midazolam for sedation in oral procedure” is only part of the study. ( letter to editor )	2011
115		A biochemical and histopathological evaluation of generalized pulp calcification in young permanent teeth	2012

116		An unusual case report of generalized pulp stones in young permanent dentition	2010
117		Popliteal pterygium syndrome : Orofacial and General features	2011
118		Mandibular bilateral prarapremolars: Report of a case	2011
119		Storage Media for avulsed tooth	2011
120		Dental implants in children: A multidisciplinary perspective for long-term success	2016
121		Root Agenesis of Permanent Teeth: Sequelae of Primary Dentition Trauma with Chronic Secondary Infection.	2016
122		A Prosthetic Approach for Rehabilitation of a Pediatric Patient with Retinoblastoma	2017
123		Fabrication of feeding plate in cleft palate patient: A case report	2019
124	Dr.SurendraBahetwar	Foreign body in a fractured tooth: successful retrieval and management by intentional reimplantation	2019
125		Role of Prosthodontist in Mullerian agenesis: A Case Reort	2019
126		Non syndromic involvement of cleft lip and palate with syndactyly: A case report.	2019
127		Prosthetic rehabilitation of nasal deformity in Cleft lip and Palate patient: A Case report.	2020
128		Observational study of oral health status and treatment needs of institutionalized mentally retarded children	2020
129		Management of fracture mandible by open occlusal acrylic splint in pediatric patients : A case series	2021
130		Peirri robin syndrome	Accepted
131		Solitary Bone Cyst In A 4 Year Old Child	2021
132		Oral Health Status in Children with Acute Lymphoblastic Leukemia Undergoing Chemotherapy	2021

133	Dr.PriyankaBhaje	Effectiveness of the novel impression tray “cleftray” for infants with cleft lip and palate: a randomized controlled clinical trial	2021
134		Comparative evaluation of nasal and alveolar changes in complete unilateral cleft lip and palate patients using intraoral and extraoralnasoalveolarmolding techniques: randomized controlled trial	2021
135		Sleep Difficulties and Symptoms of Attention-deficit Hyperactivity Disorder in Children with Mouth Breathing	2021
136	Dr.ShrutiBalasubramanian	1.Association of maternal and child dental anxiety with dental caries experience and dental attendance behaviour pattern	2018
137		2.The new normal of paediatric dental practice post COVID-19: A review	2021
138		3.Evaluation of the average nasal & nasopharyngeal volume in 10-13 year old children- a preliminary CBCT study	2021
139	Dr.ShrutiBalasubramanian	4.Assessment of Awareness and Behavioural Patterns among Children Regarding COVID-19	2021
140		5.Evaluation of the average pulp cavity volume of primary second molar and canine for obturation of a single primary tooth: A preliminary cone-beam computed tomographic study	2021
141		5.Obturation techniques in primary teeth: A systematic review	2021
142		6.Effectiveness of the novel impression tray “cleftray” for infants with cleft lip and palate: a randomized controlled clinical trial	2021
143		7.Comparative evaluation of nasal and alveolar changes in complete unilateral cleft lip and 8.palate patient using intraoral and	2021

		extraoral nasoalveolar molding technique: randomized control trial	
144		9. Laser ablation of Blandin and Nuhn Mucocele: A rare case report	2021
145		10. Comparative evaluation of bond strength of different luting cements for cementation of stainless steel bands on primary molar crowns (stainless steel and zirconia crowns) – An in vitro study	2021
146		11. Assessment of knowledge and attitude among pediatric dentists regarding spread and control of infection before and after COVID-19 crisis	2020
147	Dr. Priyanka Sharma	Evaluation of Various Factors Which Motivate Children in Ashram Schools of Central India Region to Consume Tobacco Products	2021
148	Dr. Rajesh Ijalkar	Comparative Evaluation of Bond Strength of Different Luting Cements for Cementation of Stainless Steel Bands on Primary Molar Crowns (Stainless Steel and Zirconia Crowns): An In Vitro Study	2021
149	Dr. Henpu Kamki	Laser Ablation of Blandin and Nuhn Mucocele: A Rare Case Report	2021
150	Dr. Hemraj Badhe	Comparative Evaluation of Effectiveness of Pre-Mixed Syringe and Incremental Technique as a Root Canal Obturating Technique in Primary Mandibular Second Molar – A Randomized Clinical Trial	2021
151	Dr. Karthika Kk	Effectiveness of the novel impression tray “cleftray” for infants with cleft lip and palate: a randomized controlled clinical trial	2021

152	Dr.ShivaniBhadule	Role of silver diamine fluoride in caries prevention: A narrative review	2021
153		Evaluation of Stress Distribution Pattern of Square Head One-Piece Mini-Implant and Newly Designed Mini-Implant (Pedoplant) as Anterior Tooth Prosthesis in Children: Protocol for Finite Element Analysis Study.	2021
