# Golden Jubilee Year Celebration

*Dear Colleagues,*

**“One who plans for a year, Sows grains;  
One who plans for Ten years, Plants fruit-bearing trees, and  
One who plans for Generations, Develop humans.”**

This Chinese proverb aptly describes and legitimizes the intention of the beginning of our Institution, Government Dental College and Hospital, Nagpur. On behalf of the Alumni Association, we take this opportunity to welcome you all for the “Golden Jubilee Celebrations” of our prestigious institute. Over the past fifty years since its inception, The Dental Profession has changed enormously, thus mandating changes in the institute as well, and which were appropriately taken up by the authorities from time to time. Looking back at the journey of the past decades, One can undoubtedly appreciate the achievements which enabled the institute to attain an enviable position in our country.

The occasion is of much joy for us as in the span of fifty years our Alma Mater has made consistent and positive efforts to nurture fine and skilled professionals, contributing steadily in providing oral health for the needy, not only in Central India but the entire country. The faculty members from the beginning have supported the aspiring students by providing them opportunities and challenges that have enabled them to inculcate in themselves values of concern, commitment and service, together with a sharp intellect honed with knowledge and understanding.

The service it has rendered to the country may be negligible according to some, but it is important to realize that it is only the “little sunray's” that constitute the vast sunlight that floods the land. Our institute has the distinction of producing competent graduates and postgraduates every year, many of whom have reached the zenith in academics and clinical practices not only in India but around the world. We must endeavor to comprehend the thoughts of the founders and embody the visions which they had cherished.

We take this opportunity to invite you on this occasion and also compliment the Golden Jubilee Celebration Committee members for having planned a series of delightful programs, to commemorate friendships, Renew bonds and reminiscent past time. A year long calendar of activities has been formulated which includes scientific activities, oral health check up and treatment camps, cultural and sports activities and a Grand celebration from 22 & 23 Dec 2017. In doing so, We are reaffirming our Institute's commitment to maintain the high standards of Dental Education and Oral Health Care that we are recognized for over the years with the sole motto of “Service to Humanity”.

**Dr. Sindhu M. Ganvir**  
President

**Dr. Abhay N. Datarkar**  
Hon. Secretary
