

# **FATHOM 3.0**

Here are the guidelines for preparing a structured abstract for Paper and Poster Presentation:

## **Structured Abstract**

1. **Title:** Clearly state the topic of your research.
2. **Objective:** Outline the main goals or purposes of the study.
3. **Materials/Methodology:** Describe the materials used and the methods employed in the research.
4. **Results:** Summarize the key findings of the study.
5. **Conclusion:** Provide a brief conclusion based on the result.

**Students can present their own research/review/case study which will be judged on the basis of equality.**

Here are the guidelines for preparing an Open-ended Abstract for Table top Presentation:

- 1) **Content:** The abstract should be comprehensive but flexible in format, allowing for a broader explanation of the study.
- 2) **Word Limit:** 250 words for Table top, paper, and poster presentations.

**Make sure the abstract is concise, clear, and within the 250-word limit.**

Note: Eposter, Paper and Table top presentation abstracts will be published in Dental Journal of Central India
