National Dental Education Technology Workshop 2.0

Dentistry is rapidly embracing the advancing technology. Dental Education is also updating with use of student-centric education. A revolution in Teaching and Assessment methods are to facilitate knowledge acquisition, improving decision making and enhancement in psychomotor skills.

We in our institute have implemented a **Blended learning program** of Online, traditional and student-centric T-L methods. The overall level of education and performance have been revolutionised. This was also reflected in **NAAC A+ Grade** in the First cycle.

With the Educational Goal of using new Pedagogical methods in Dentistry this National Workshop 2.0 is arranged for all Dental Educators. The theme of **"Teaching & Assessment Technology – A Revolutionary Upliftment in Dental Education"**

The esteemed and highly acclaimed speakers will enlighten on Blend of Basic & Advanced Educational Methods.
